

S4S

SWAY FOR SAVING

EZ POOL

SAVE ENERGY ON YOUR POOL FILTRATION

TURN YOUR FILTER PUMP INTO A VARIABLE SPEED PUMP!

With S4S, control the electrical frequency of your filter pump to adjust it to your needs and reduce your energy consumption.

- LCD display for speed and time adjustment
- Thermal and overload protection
- Manual and automatic settings
- Connection made between the filter pump and its protection
- Time cycle scheduling

4 default speed settings:

- Economy (1,200 RPM)
- Efficiency (1800RPM)
- High(2100RPM)
- Backwash (3,400 RPM)
